Important Safety Instructions For ZVOX Audio System

WARNING

- Do NOT use headphones at a high volume for any extended period.
To avoid hearing damage, use headphones at a moderate, comfortable volume level.
Turn the volume of your device down before placing headphones on your ears. Turn up volume to a comfortable level.
- Do NOT use your headphones while driving or riding a bicycle.
- Do NOT use your headphone with noise cancelling on at any time where the inability to hear surrounding sound may present a danger to you or others.
- Do NOT use your headphones if they emit any loud or unusual sounds. If this occurs, turn the headphones off and contact ZVOX customer service.
- To reduce the risk of fire or electrical shock, do NOT expose this product to rain, liquids or high levels of moisture.
- Do NOT attempt to make unauthorized changes or alterations to this product.
- Use this product only with an ZVOX approved power supply which meets local regulatory requirements.
- Do not expose this product or other products containing batteries to excessive heat such as in direct sunlight or a hot automobile

NOTE: This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential situation. This equipment generates, uses and can radiate radio frequency energy and if not used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular circumstance. If this equipment does cause harmful interference to radio and/or television reception, which may be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of more of the following measures:

- Reorient the equipment and/or the receiving antenna of the affected device.
- Increase separation between the equipment and the affected receiver.

Warning: Contains small parts which may pose a choking hazard. Not intended for Children under 3 years of age.

This product contains magnetic materials. Consult your physician on whether this may affect your medical implant.

CAUTION

Changes or modifications to this equipment not expressly approved by ZVOX Audio, LLC for compliance will void the users warranty.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Important Safety Instructions

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings.
8. Do not leave near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Only use attachments/accessories specified by the manufacturer.
10. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
11. No naked flame sources, such as lighted candles, should be placed on the apparatus.

Disposing of this appliance

Electric and electronic appliances often contain valuable materials. These appliances may also contain materials essential for the correct functioning of your appliance which, if handled or disposed of incorrectly, could be hazardous to human health and to the environment. Therefore, please do not dispose of this appliance with your household waste. Dispose of it at your local community waste or recycling center, or contact your retailer for advice.

Features of the AV52 Headphones

- The AV52 headphones benefit from ZVOX's unique acoustic and electronic digital processing. These headphones make it easy to hear all voices clearly, even at low volume levels with 40mm dynamic drivers delivering deep bass.
- Engage the AV52 headphones' Active Noise Cancelling technology for immersive sound by using a dedicated noise reduction circuit chip for efficient noise reduction.
- Bluetooth 5.0 brings uninterrupted music streaming, faster transmission speed with your computer or smartphone and up to 33 ft. transmission distance.
- CVC 8.0 (Clear Voice Capture) Microphone for distraction-free phone call & video conferencing.
- With a Bluetooth Transmitter (Not included) you can also connect wireless to your TV if your TV is not equipped with Bluetooth Transmission.
- Soft memory foam earcuffs for all day comfort and weigh less than a pound.
- The AV52 headphones have an internal rechargeable battery that lasts for up to 30 hours. Battery capacity: 600MAH/3.7V
- The AV52 headphones come with a compact, sturdy, padded carrying case.
- The AV52 headphones can be connected to 2 devices simultaneously.

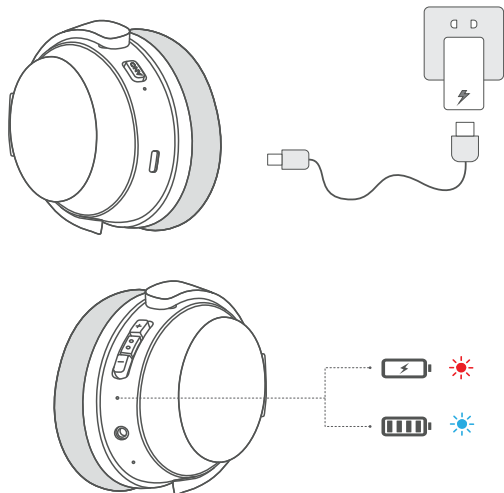

Diagram of the AV52

Bottom of the Headphones

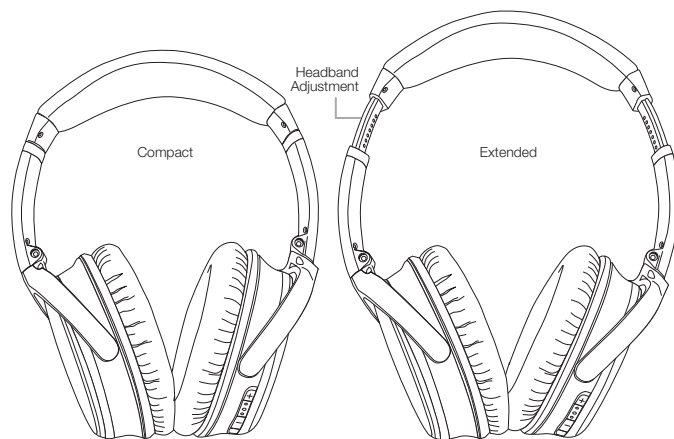

Charging The Internal Battery:

The AV52 headphones plug into a standard wall outlet with a universal wall charger provided with most cellphones or a standard USB input on a computer or TV. The USB type C connector goes into the left side of the headphones for charging. When charging, a red indicator light appears. A blue solid light will indicate a full battery charge. Note: You can use the wired audio connection to listen to audio while charging.

Listening Time: 30 Hrs, Listening Time w/ ANC: 25 Hrs,
Full Charging Time: 2.5 Hrs, Standby: 600 Hrs,
Battery capacity: 600MAH/3.7V

Wearing the AV52

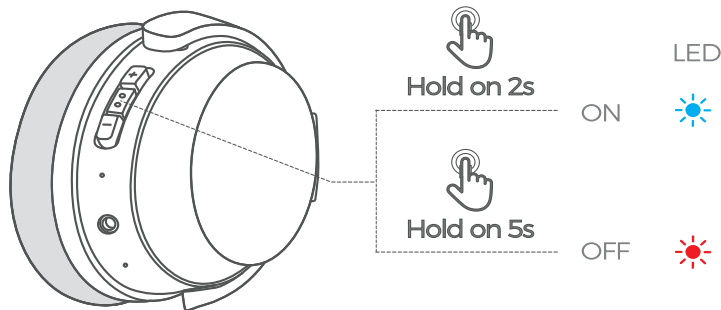

Wearing the AV52: The earcups of the AV52 headphones are marked with an "L" and an "R". Position the "L" earcup on your left ear and the "R" earcup on your right ear. Adjust the depth of the headband for a comfortable fit.

Power ON/OFF:

Power ON: Press and hold the MFB (Multi Function Button) for 2 seconds, a blue light will flash and an audible voice command saying “Power on, pairing” will be heard through the headphones followed by red and blue lights flashing indicating Bluetooth pairing mode.

Power OFF: Press and hold the same MFB (Multi Function Button) for 5 seconds, a red light will flash and an audible voice prompt say “Power on” will be heard through the headphones. followed by “pairing”.

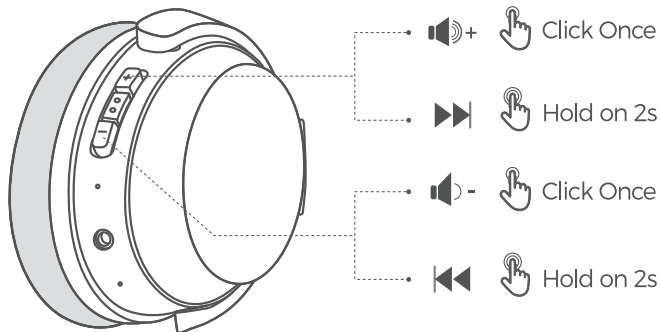

Volume Up: Click + Once (Max volume, beep notification)

Volume Down: Click - Once

Skip Track Forward: Hold + for 2 seconds

Skip track Backwards: Hold - for 2 seconds

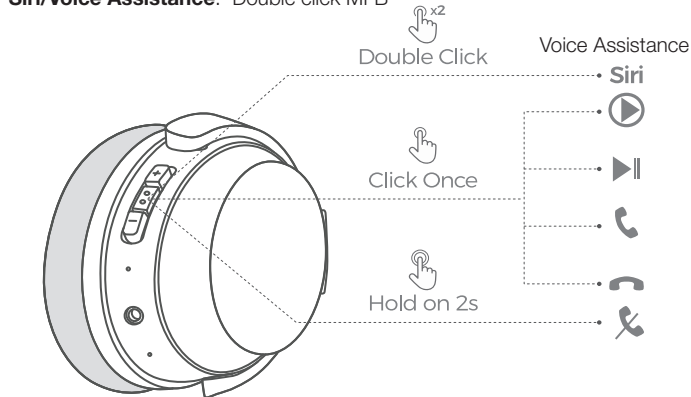

Pick Up Call: Click MFB once during incoming call

Hang Up Call: Click MFB once during phone call

Reject Call: Hold MFB for 2 seconds during incoming call

Play/Pause Track: Click MFB Once while audio is playing

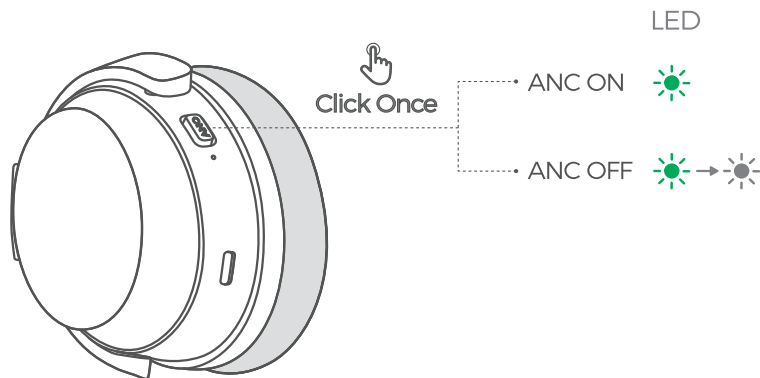

Siri/Voice Assistance: Double click MFB

ANC (Active Noise Cancelling):

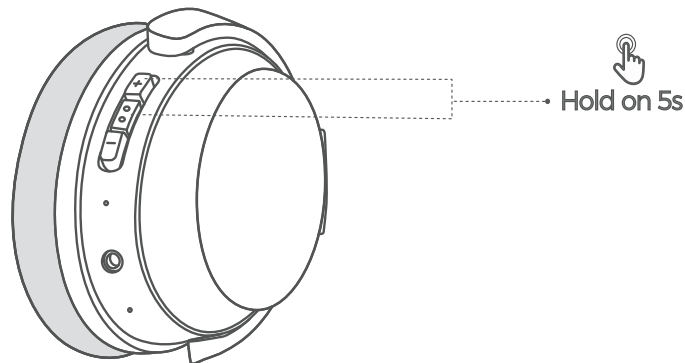

Turn ON: Power on the AV52 headphones, then tap the ANC button to activate noise cancelling. A GREEN indicator light will appear and a notification chime will be heard. The feature will stay on indefinitely until the same ANC button is pressed or the headphones are turned off.

Turn OFF: To disable ANC (Active Noise Cancelling) tap the ANC button. The same green indicator light will disappear and two low tone beeps will be heard.

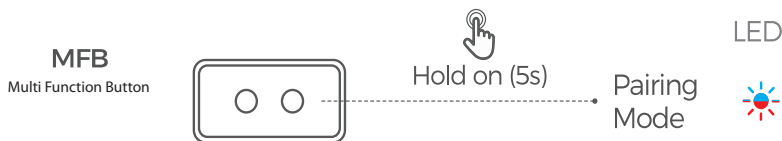

Clearing Bluetooth Pairing Records:

The AV52 holds two Bluetooth devices in memory, if you are having Bluetooth pairing issues or you want to clear the memory follow these steps. While the ZVOX AV52 headphones are powered on, hold the MFB (multi function button) & Volume + simultaneously for 5 seconds. You should hear a low tone beep and the blue indicator LED appearing for 2 seconds followed by red and blue LEDs flashing indicating the headphones memory is refreshed and ready to pair to new devices.

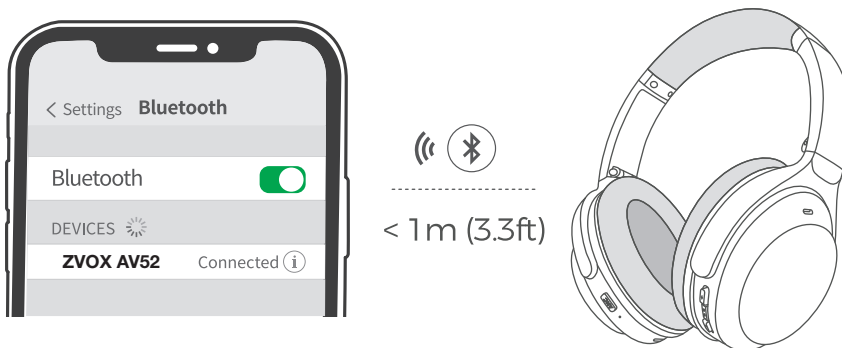

How to Pair to Phone or Tablet (Computer):

Step 1. Press and hold the MFB (Multi Function Button) on the AV52 for 5 seconds to enter the pairing mode. Red and blue lights will appear flashing followed by a voice prompt “pairing”.

Step 2. Immediately turn on the Bluetooth function within the phone and search **ZVOX AV52** in the bluetooth list, then click to connect. The voice command “Bluetooth 1 connected” will be heard after successfully connecting. Same process for computers and tablets.

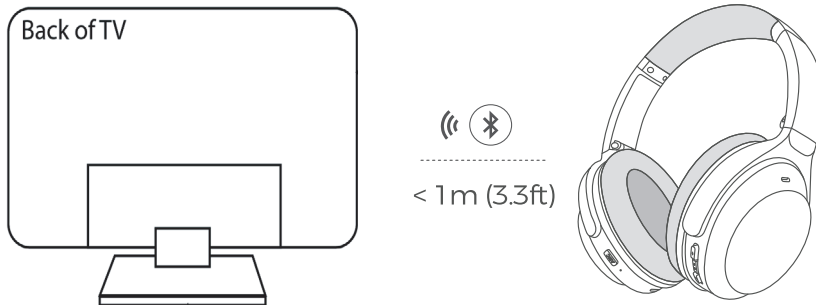

Pairing to a Second Device:

You may have two devices paired simultaneously via Bluetooth to the AV52 headphones. For example a smart phone and a laptop. This allows you to switch between the two paired audio sources if needed. After connection one is established, shut the Bluetooth Off from the first established device, then follow the previous pairing steps to setup the second device. Once the second connection is established, turn the first devices' Bluetooth back on and reconnect to the ZVOX AV52, The voice command “Bluetooth 2 connected” will be heard after successfully reconnecting the first established device. You now are connected to both devices for audio.

How To Pair Wireless To a Television:

Connecting The ZVOX AV52 Headphones wireless via Bluetooth to a TV is simple. The TV must be equipped with Bluetooth capabilities (See TVs User Manual). If not equipped you must purchase a Bluetooth Transmitter that will then connect to an audio output jack on the TV allowing wireless audio to transmit to the AV52 headphones. Call ZVOX 866-367-9869 or visit support.zvox.com and search for recommended Bluetooth transmitters.
